Lucas County Information Services Checklist for Hardware/Software/Services

Department: Coroner
 Funding Account & Description: See Comments.

Requestor: James R. Patrick
 Req. Date: July 17, 2014

Vendor: Logos Communications Systems
 Buckeye Telesystem

Type of Request (check all that apply):
 Hdw SW Services/New
 Purchase Lease Subscription
 Services/Support Renewal
 Original Purchase Date

State Term Contract ID

Description or Nature of Request and for whom this is intended: Lucas County Coroner intends to purchase equipment and services to increase the Internet speed by having their own Internet connection. Equipment to be purchased will allow the Coroner to be able access select services on the Lucas County Network while maintaining separate Internet access.

Hdw/SW/Service Item Descr	Quote #	Wrnty Term	Qty	Unit Cost	Support Cost	Total Cost
Cisco ASA Fire wall and accessories	ASA5512 B		1	\$ 3,328.46	\$ 0.00	\$ 3,328.46
Buckeye Telesystem - (See Comments)				\$ 0.00	\$ 0.00	\$ 0.00
				\$ 0.00	\$ 0.00	\$ 0.00
				\$ 0.00	\$ 0.00	\$ 0.00
				\$ 0.00	\$ 0.00	\$ 0.00
				\$ 0.00	\$ 0.00	\$ 0.00

Total Request \$ 3,328.46

Business Reason or Justification:
 Coroner requires additional Internet speed and the ability to expose internal servers to the Internet.

Return Policy.
 Product may be returned only upon receiving an RMA (Return Material Authorization) and return instructions from LOGOS. In order for a return to be authorized, the request for return must be made within 30 days of ship date and the product must be contained in it's original packing. Opened boxes of product may not be returned. Please notify the LOGOS Purchasing Department at 1-800-837-7777 x 3680 for Return Product Authorization.

Offer Terms
 The terms set forth in this sales quotation shall expire 30 days past the quote date set forth above and they are non-binding until LOGOS Communications, Inc receives a binding purchase order from you. This quotation does not include freight or sales tax. If you are tax exempt, please provide the applicable exemption certificate. You understand and agree that all purchases of all equipment shall be subject to the terms and conditions of LOGOS Communications, Inc's standard sales agreements and license agreements. Goods will be shipped best way, freight prepaid and added to the invoice.

Thank you for your Business

The Lucas County Coroner is proposing to extend network and server access to various individuals and medical organizations outside of the county network. Offering these service will require attaching servers, which presently exist inside the county network and behind it's firewalls, in such a manner that they are readily accessible by authorized individuals as determined appropriate by The Coroner.

Primarily, the contents a database and some web services will become directly accessible but further services are possible in the future.

After discussion between LCCO and LCIS, it has been determined that the best method to achieve this access would be by isolating the present LCCO network. This is accomplished by placing an additional firewall on the present connection between LCCO and the main county network.

This new configuration will allow LCCO to continue to access county servers, including email without exposing the county network to any additional risk from the internet.

The additions will include a new firewall to be located at LCCO and additional internet access to be connected, via the new firewall, into the network at LCCO. The cost of these additions will be covered by The Coroner.

5512-X Cisco ASA (firewall) purchase	\$3,328.46, including the Smartnet expense of \$654,93
10 meg Internet connectivity from Buckeye	\$450/mo

All installation work, including configuration of the firewall will be performed by internal staff at LCCO and LCIS.

Subject: RE: Re: Buckeye 10MB Eline pricing

George,

The pricing for the county 10MB point to point is now \$348 per month and we have a promo to current customers for the 10MB Internet connection for \$450.00. You could also get 5MB Internet connection for \$250.00.

Thanks

Rick

Subject: RE: Re: Buckeye 10MB Eline pricing

Rick,

Is this pricing for these two circuits still accurate? They would be to support The Coroner's Office located at 2595 Arlington, Toledo. The 10mb Internet access would terminate there. What are other, slower speed options and cost?

George,

The cost for a 10MB point to point is \$401 over 36 months and a 10MB Ethernet Dedicated Internet connection is

\$995.00.

Subject: Fwd: Re: Buckeye 10MB Eline pricing

Mr. Johnson,
We are also interested in establishing another connection into the internet from a second location. This would also be 10mb. So, we would have a 10mb wan connection from our Coroner's Office and a 10mb Internet connection from that same office. What would be the cost for adding the internet portion as well.

Hello Rick,

Thank you for the email. Is this the new cost or just the increase ?

Kind regards.

Jeremy,

The cost to increase your current WAN connection from 1MB to 10MB to \$401.00 per month.
