From: Jason Gears

Subject: Data Processing Board Request – Tax Accounting Amendment

Lucas County Data Processing Board Members,

Lucas County Information Services is requesting permission amend the current contract with Tyler Technologies by the amount of \$219,208 to a new total of \$2,217,818. The amended total is to cover increases due to additional development hours required for customization to the iasWorld system and iCare (AREIS) Website.

Funds are available in the Real Estate Assessment account 2030-0171-530700, the amendment will also be presented to the Board of County Commissioners pending approval.

Lucas County Information Services is requesting permission to purchase Solarwinds Server Application Monitor for \$24,995. This will allow for advanced monitoring of application performance by simulating the end user experience and triggering an alert if the metrics return an unacceptable level.

Funds are available in the LCIS Software line item, 1010-0160-530700.

Thank you for your consideration,

Jason Gears
Director of Information Services
